

**UNITED STATES – SUNSET REVIEWS OF ANTI-DUMPING MEASURES  
ON OIL COUNTRY TUBULAR GOODS FROM ARGENTINA**

Recourse to Article 21.5 of the DSU by Argentina

Communication from the Appellate Body

The following communication, dated 6 March 2007, from the Chairman of the Appellate Body addressed to the Chairman of the Dispute Settlement Body, is circulated in accordance with Article 17.5 of the *Understanding on Rules and Procedures Governing the Settlement of Disputes*.

---

I am writing to you pursuant to Article 17.5 of the *Understanding on Rules and Procedures Governing the Settlement of Disputes*, which stipulates that, as a general rule, the Appellate Body will circulate its Report no later than 60 days after the appellant has formally notified the Dispute Settlement Body (the "DSB") of its decision to appeal. Article 17.5 also states that, when the Appellate Body considers that it cannot provide its Report within 60 days, it shall inform the DSB in writing of the reasons for the delay together with an estimate of the period within which it will submit its Report.

The United States notified the DSB on 12 January 2007 of its decision to appeal certain issues of law covered in the Panel Report and certain legal interpretations developed by the Panel in this case, with the result that the 60-day period expires on Tuesday, 13 March 2007. Due to the time required for completion and translation of the Report, the Appellate Body will not be able to circulate its Report by Tuesday, 13 March 2007. We estimate that the Appellate Body Report in this appeal will be circulated to WTO Members no later than Thursday, 12 April 2007.
