

**UNITED STATES – CONTINUED DUMPING AND
SUBSIDY OFFSET ACT OF 2000**

Communication from the European Union

The following communication, dated 22 April 2010, from the delegation of the European Union to the Chairman of the Dispute Settlement Body, is circulated at the request of that delegation.

On 26 November 2004, the Dispute Settlement Body ("DSB") granted authorization to the European Communities to suspend concessions and related obligations under the General Agreement on Tariff and Trade 1994 ("GATT 1994") in accordance with the decision of the Arbitrator in *United States - Continued Dumping and Subsidies Offset Act of 2000*. The authorization was made pursuant to the European Communities' request (WT/DS217/39) made under Article 22.7 of the Understanding on Rules and Procedures Governing the Settlement of Disputes ("DSU"). In that request, the European Communities undertook to notify the DSB every year the list of products on which the additional import duty would apply, prior to the entry into force of a level of suspension of concessions.

On 29 April 2005, the European Communities notified the DSB that it was suspending, as of 1 May 2005, the application of concessions and related obligations under GATT 1994 on imports of certain products originating in the United States of America (WT/DS217/47). The list of products subject to this suspension of concessions was modified on 1 May 2006 (WT/DS217/49), on 1 May 2007 (WT/DS217/51), on 1 May 2008 (WT/DS217/53), on 1 May 2009 (WT/DS217/55) and will be modified again on 1 May 2010. The relevant Commission Regulation (EU) No 305/2010 of 14 April 2010¹ will add 19 products classified under 19 codes of the European Union's tariff and statistical nomenclature to the list of products subject to an *ad valorem* additional duty of 15% when originating in the United States of America. The updated list is attached. The suspension, which will apply as from 1 May 2010, covers, over one year, a total value of trade that does not exceed USD 95.83 million.

USD 95.83 million is the European Union's current level of authorization established through arbitration under Article 22.6 of the DSU. It represents 72 per cent of USD 133,095,793 collected from the European Union's exports and disbursed to US companies in the distribution under the *Continued Dumping and Subsidy Offset Act of 2000* for the most recent year for which data are available. The amount of relevant disbursements was identified using the CDSOA Annual Report for Fiscal Year 2009, published by US Customs and Border Protection on 12 October 2009².
