AUSTRALIA – ANTI-DUMPING MEASURES ON A4 COPY PAPER

COMMUNICATION FROM AUSTRALIA

The following communication, dated 26 February 2020, from the delegation of Australia to the Chairperson of the Dispute Settlement Body, is circulated at the request of that delegation.

At its 27 January 2020 meeting, the Dispute Settlement Body ("DSB") adopted recommendations and rulings in the dispute Australia – Anti dumping measures on A4 copy paper from Indonesia (WT/DS529). This communication advises the DSB of the intentions of Australia with respect to implementation of the recommendations and rulings of the DSB, as is Australia's responsibility under Article 21.3 of the Understanding on Rules and Procedures Governing the Settlement of Disputes ("DSU"). Indonesia has agreed that Australia would inform the DSB of its intentions by written notification rather than a special meeting of the DSB.

Australia intends to implement the recommendations and rulings of the DSB in this dispute in a manner that meets its WTO obligations. At the request of the Australian Minister for Industry, Science and Technology, the Commissioner of the Australian Anti-Dumping Commission will initiate a review of the anti-dumping measures (review of measures) at issue in this dispute. The review of measures will take into account the recommendations and rulings of the DSB. The review of measures will be conducted within the framework of Australia's anti-dumping system.

Australia will need a reasonable period of time in which to conduct this review and implement the rulings and recommendations of the DSB and is in discussions with Indonesia on this matter, in accordance with Article 21.3(b) of the DSU.

Australia requests that you circulate this communication to the Members of the DSB.
