**CHINA – ANTI-DUMPING AND COUNTERVAILING DUTY MEASURES
ON BROILER PRODUCTS FROM THE UNITED STATES**

RECOURSE TO ARTICLE 21.5 OF THE DSU BY THE UNITED STATES

REQUEST FOR THE ESTABLISHMENT OF A PANEL

Corrigendum

The following communication, dated 1 June 2016, from the delegation of the United States to the Chairperson of the Dispute Settlement Body, is circulated at the request of that delegation.

On 27 May 2016, the United States sought recourse to Article 21.5 of the *Understanding on Rules and Procedures Governing the Settlement of Disputes* in the dispute *China – Anti-Dumping and Countervailing Duty Measures on Broiler Products from the United States* (DS427). The United States has become aware of and is correcting a typographical error contained in the 27 May panel request.

In particular, in paragraph 2, second sentence, the second appearance of the word "not" should be deleted. The corrected sentence would thus read:

2. For example, MOFCOM did not address economic evidence and factors that contradicted its finding that the industry was suffering material injury on account of US imports.

The United States requests that this revision, which should be read together with the 27 May panel request, be circulated to Members.¹

¹ The 27 May panel request is expected to be circulated with the WTO document number WT/DS427/11. This revision would therefore be circulated as WT/DS427/11/Rev.1.
