

**BRAZIL – ANTI-DUMPING MEASURES ON IMPORTS
OF CERTAIN RESINS FROM ARGENTINA**

Communication from the Chairman of the Panel

The following communication, dated 14 December 2007, addressed to the Chairman of the Dispute Settlement Body (DSB), is circulated pursuant to Article 12.9 of the Dispute Settlement Understanding (DSU).

Article 12.8 of the DSU stipulates that the period in which a panel shall conduct its examination, from the date that the composition and terms of reference of the panel have been agreed upon until the date that the final report is issued to the parties, shall, as a general rule, not exceed six months.

Article 12.9 of the DSU states that when a panel considers that it cannot issue its report within six months, it shall inform the DSB in writing of the reasons for the delay, together with an estimate of the period within which it will issue its report.

The Panel on *Brazil – Anti-Dumping Measures on Imports of Certain Resins from Argentina (DS355)* was established by the DSB on 24 July 2007 and composed on 28 September 2007.

It will not, however, be possible for the Panel to complete its work in six months in light of scheduling conflicts.

The Panel expects to complete its work in August 2008.
