

**CANADA - MEASURES RELATING TO EXPORTS OF WHEAT
AND TREATMENT OF IMPORTED GRAIN**

Communication from the Chairman of the Panel

The following communication, dated 30 October 2003, addressed to the Chairman of the Dispute Settlement Body (DSB), is circulated in accordance with Article 12.9 of the Dispute Settlement Understanding (DSU).

Article 12.8 of the Understanding on Rules and Procedures Governing the Settlement of Disputes (DSU) provides that the period in which a panel shall conduct its examination, from the date that the composition and terms of reference of the panel have been agreed upon until the date the final report is issued to the parties to the dispute, shall, as a general rule, not exceed six months.

Article 12.9 of the DSU provides that, when a panel considers that it cannot issue its report within six months, it shall inform the Dispute Settlement Body (DSB) in writing of the reasons for the delay, together with an estimate of the period within which it will issue its report.

The Panel on *Canada - Measures Relating to Exports of Wheat and Treatment of Imported Grain* (WT/DS276) was established by the DSB on 31 March 2003 and composed on 12 May 2003.

Due to the three week suspension requested by the United States following the issuance of a preliminary ruling by the Panel and the harmonization of this Panel's timetable with that of another Panel established on this matter, the Panel will not be able to complete its work in six months.

The Panel expects to issue its final report to the parties in February 2004.
