

**UNITED STATES – ANTI-DUMPING MEASURES
ON CEMENT FROM MEXICO**

Notification of Mutually Agreed Solution

The following communication, dated 16 May 2007, from the delegation of the United States and the delegation of Mexico to the Chairman of the Dispute Settlement Body, is circulated pursuant to Article 3.6 of the DSU.

The Governments of the United States of America and Mexico wish to notify the Dispute Settlement Body that, in accordance with Article 3.6 of the *Understanding on Rules and Procedures Governing the Settlement of Disputes*, we have reached a mutually agreed solution to the matter raised by Mexico in the above-referenced dispute (WT/DS281).

This solution has taken the form of an agreement between the United States and Mexico, dated 6 March 2006 (the "Trade in Cement Agreement"). The Trade in Cement Agreement makes possible increased imports of Mexican cement, encourages US cement exports to Mexico, and settles outstanding litigation relating to the US anti-dumping order on Mexican cement. The Agreement also provides for the anti-dumping order to be revoked as of 1 February 2009.

We ask you to circulate this notification to the relevant Councils and Committees, as well as to the Dispute Settlement Body.
