

**CANADA – CERTAIN MEASURES AFFECTING THE RENEWABLE
ENERGY GENERATION SECTOR**

Communication from the Chairman of the Panel

The following communication, dated 13 June 2012, addressed to the Chairman of the Dispute Settlement Body, is circulated pursuant to Article 12.9 of the Dispute Settlement Understanding.

Article 12.8 of the Understanding on Rules and Procedures Governing the Settlement of Disputes (DSU) provides that the period in which a panel shall conduct its examination, from the date that the composition and terms of reference of the panel have been agreed upon until the date the final report is issued to the parties to the dispute, shall, as a general rule, not exceed six months.

Article 12.9 of the DSU provides that, when a panel considers that it cannot issue its report within six months, it shall inform the Dispute Settlement Body (DSB) in writing accordingly and indicate the reasons, together with an estimate of the period within which it will issue its report.

The Panel in *Canada – Certain Measures Affecting the Renewable Energy Sector* (DS412) was established by the DSB on 20 July 2011 and composed on 6 October 2011.

The timetable adopted by the Panel after consultations with the Parties to the dispute envisages that the final report shall be issued to the Parties by September 2012. However, due to the complexities of this dispute, it will not be possible for the Panel to complete its work within this time-frame.

The Panel now expects to complete its work by the end of November 2012.
