

**CANADA – CONTINUED SUSPENSION OF OBLIGATIONS IN THE  
EC – HORMONES DISPUTE**

Communication from the Chairman of the Panel

The following communication, dated 23 January 2007, addressed to the Chairman of the Dispute Settlement Body (DSB), is circulated in accordance with Article 12.9 of the Dispute Settlement Understanding (DSU).

---

Article 12.8 of the Understanding on Rules and Procedures Governing the Settlement of Disputes (DSU) provides that the period in which a panel shall conduct its examination, from the date that the composition and terms of reference of the panel have been agreed upon until the date the final report is issued to the parties to the dispute, shall, as a general rule, not exceed six months.

Article 12.9 of the DSU provides that when a panel considers that it cannot issue its report within six months, it shall inform the Dispute Settlement Body (DSB) in writing of the reasons for the delay together with an estimate of the period within which it will issue its report.

The Panel in *Canada – Continued Suspension of Obligations in the EC – Hormones Dispute* (WT/DS321) was established by the DSB on 17 February 2005 and composed on 6 June 2005.

The Panel expected to issue its final report to the parties in the course of October 2006, as indicated in its communication to the DSB on 20 January 2006. However, due to the complexity of the scientific issues involved and due to the difficulties in scheduling the second open hearing of the Panel with the parties and the experts consulted by the Panel, it was not possible to meet that time line. The Panel estimates that it will issue its final report to the parties in the course of June 2007.
