Understanding between Thailand and the United States

Noting that the United States has informed the Dispute Settlement Body (DSB) that it will continue to work to bring the Continued Dumping and Subsidy Offset Act of 2000 into conformity with its WTO obligations,

Our two governments have reached the following understanding with regard to this dispute:

1. Thailand will not in this dispute at this stage request authorization from the DSB to suspend concessions or other obligations pursuant to Article 22.2 of the *Understanding on Rules and Procedures Governing the Settlement of Disputes* (DSU).
2. If Thailand at some future date decides to request DSB authorization to suspend concessions or other obligations under Article 22.2 of the DSU, it will provide the United States advance notice and will consult with the United States before making such a request.
3. Thailand will retain its right to be granted DSB authorization to suspend concessions or other obligations pursuant to Article 22.6 of the DSU at any future date and the United States will not seek to block Thailand's request for DSB authorization regardless of the timing of this request.
4. The United States retains the right to object to the level of suspension proposed, or to claim that the principles and procedures set forth in Article 22.3 of the DSU have not been followed, and to have the matter referred to arbitration under Article 22.6 of the DSU.
5. Thailand and the United States agree to request jointly the adoption by the DSB of the draft decision attached to this Understanding at its meeting on 25 January 2005.
